

What could your donations buy?

£5 could buy a savings book for a member of a **Village Savings and Loans Association**, setting them up to start their own small business and become financially independent.

£30 would help a family buy two Jerrycans to collect water from the river to carry back to their farm. Jerrycans provide irrigation to crops, especially during the dry season, maintaining food production for the family.

£50 would mean a vulnerable family can purchase a water storage tank. Water can then be stored for a few days rather than travelling to the communal water point, allowing instant access to water for washing, cleaning and cooking.

£100 could help a woman set up her own small business with a starter kit; including money to purchase her first few items to sell. This means she could supply local grocery shops or restaurants with vegetables, set up a roadside shop, or buy maize to sell in bigger markets like Bujumbura.

£100 could also help buy a family a bicycle meaning easier transport to school, quicker access to medical treatment in emergencies or support carrying produce from farm to market.
